He pumps it up from deep in the earth. Calls it Aqua Cola and claims it all for himself.

THE DAG: And because he owns it, he owns all of us.

I don't like him already.

It'll take two weeks to skirt the Wall of Mountains.

MAX: No.

I suggest we go back the same way we came.

Through the canyon.

It's open. We know that. Right? He brought all his war parties through.

So we take the War Rig and we charge it right through the middle of them.

We can decouple the tanker at the pass.

Shut it off behind us.

Kaboom!

And how exactly do we take the Citadel? Assuming we're still alive by then?

TOAST: If we can block the pass, it'll be easy.

All that's left are his War Pups and War Boys too sick to fight.

CAPABLE: And we'll be with Nux.

He's a War Boy.

He'll be bringing us home. Bringing back what's stolen, as he's meant to.

It feels like hope.

V-MELISSA: I like this plan. We can start again.

Just like the old days.
